

Composition

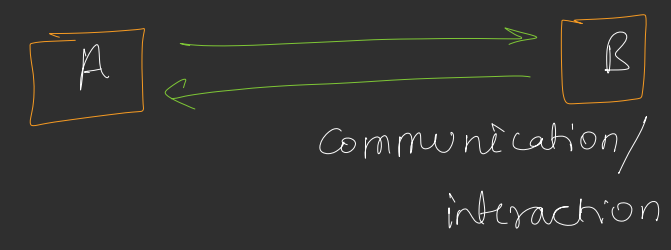

In composition individual will not exist. Like wheels, arms and seat will not exist alone also chair will not exist without these.

Composition in Code

```
class A {  
    method1();  
}  
  
class B {  
    A * a;  
    B() {  
        a = new A();  
    }  
    method2();  
}  
  
main() {  
    B * b = new B();  
    b -> method2();  
    b -> a -> method1();  
}
```
